

Virginia Department of Historic Resources Consultants Directory

This Directory is provided by the Department of Historic Resources as a service to property owners, local governments, and state and federal sponsors in Virginia seeking the professional assistance of consultants with expertise in historic preservation. This directory does not presume to be all inclusive; however, all consultants who request inclusion will be listed.

The inclusion of a consultant in this directory is not an endorsement by the department or a demonstration of professional competence. As a government agency, the department cannot recommend the services of an individual consultant and does not accept responsibility for the performance of any consultant. **This is not an “approved” list.**

Determining the suitability of the providers is the responsibility of the property owners. It is also the responsibility of the property owner to obtain all appropriate permits to ascertain that contractors have the appropriate licenses. Licensing requirements and status may be checked at <http://www.dpor.virginia.gov/dporweb/recmgt01.cfm>.

Firms are listed in the following categories:

- Architectural History
- Architecture
- Engineering
- Historic Archaeology
- Historic Architecture
- Historic Research
- National Register Nomination Preparation
- Plaque Suppliers
- Prehistoric Archaeology
- Special Skills and Services
- Tax Credit Application Preparation

For six of the professional disciplines – architectural history, architecture, historic archaeology (prehistoric and historic), historic architecture, historians (historic research), and architectural historians – there exists National Park Service *Secretary of the Interior's Standards* designed to guide users toward qualified professionals. You are strongly encouraged to consider these standards when selecting a consultant. The standards can be viewed on the NPS web site at: http://www.cr.nps.gov/local-law/arch_stnds_9.htm. Additional consultants may be found through the American Cultural Resources Association (ACRA) website, www.acra-crm.org, and the website of the Register of Professional Archaeologists (RPA) at www.rpanet.org/about.htm.

Companies or individuals who would like to be included in this directory should contact Pamela Schenian at (757) 886-2807 or Email pam.schenian@dhr.virginia.gov.

Detailed information for firms listed begins on page 11.
