

Localities Responsible for Highway Marker Installation and Maintenance

- VDOT is not involved with highway marker installation or maintenance in these localities.
- Except for localities marked with *, indicating that DHR has an existing agreement for marker installation, marker proposals for these locations *must* be accompanied by a signed letter from the responsible locality stating that the locality agrees to have the marker on its public land, and that the locality agrees to install and maintain the marker.
- Proposals submitted without the letter for any of these localities (without a *) will not be processed. If you have questions, please contact DHR.
