

Hi! 😊

As for replacing the lee statue  
at the U.S. Capitol, there is  
one simple exceedingly smart answer:

DON'T!

No need ~~to!~~ 😊 He is harming noone.  
Does he have vital signs? No! He is  
a beautiful statue not harming anything or  
anyone. He is beauty in our world.

Goodness sakes -- Save the money  
and these waste-of-time discussions.

Just let him stand. <sup>Duh.</sup> He was ELLIOT.

a year ago. He is fine today.

Thanks!

P.S. If you truly  
need a different answer...  
you change ~~THE~~ ATTITUDES  
of the people who disagree  
with the statue. You do  
not change the  
statue!

• Common sense.  
(... doesn't take a  
rocket scientist!!!)  
:) :)
